

STATE OF NEBRASKA

DEPARTMENT OF NATURAL RESOURCES

APPROVAL OF APPLICATION A-19340,

PETITION DWV-5345 FOR A WAIVER OF OUTLET WORKS AND PLAN NUMBER 19219

WATER DIVISION 1-B

BACKGROUND

1. On July 14, 2004, the Department of Natural Resources (Department) issued an Order declaring a formal moratorium in the Republican River Basin on the issuance of all new surface water appropriations.
2. On February 14, 2013, Thomas Baker, on behalf of Baker Corporation, filed petition VAR-3546 in the Department for Leave to File or Consider an Application for a New Surface Water Appropriation within a Moratorium Area. The draft application and documentation attached to the petition is for a permit to impound approximately 28 acre-feet of water from a tributary to the Frenchman River in the existing Shackelford Reservoir located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$  of Section 32, Township 4 North, Range 33 West of the 6<sup>th</sup> P.M. in Hitchcock County for the purpose of erosion and flood control.
3. On February 27, 2015, the Department granted petition VAR-3546 for leave to file an application for a permit to appropriate water.
4. On March 23, 2015, Thomas Baker, on behalf of Baker Corporation, filed in the Department application A-19340 for a permit to impound water, petition DWV-5345 for waiver of outlet works, application for approval of plans for dams, specifications and plan number 19219.
5. The plan is for an existing dam subject to the *Safety of Dams and Reservoirs Act*.
6. The Baker Corporation, 36031 Road 719, Trenton, Nebraska 69044, owns the reservoir and dam.
7. The drawings and specifications were examined by a Registered Professional Engineer of the Department and were found to be consistent with current standards.
8. Construction has been completed.

ORDER

IT IS HEREBY ORDERED Application A-19340, Petition DWV-5345 and plan number 19219 are APPROVED subject to the following limitations and conditions:

1. The source of water is a tributary to the Frenchmen River.
2. The priority date is March 23, 2015.

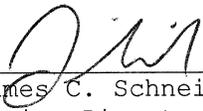

3. The water to be stored under this appropriation is for the purpose of providing water for erosion control and livestock.
4. The amount of water that may be diverted shall not exceed 28.1 acre-feet per year to be stored in Shackelford Reservoir. The dam that impounds water in Shackelford Reservoir is located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$  of Section 32, Township 4 North, Range 33 West of the 6<sup>th</sup> P.M. in Hitchcock County.
5. *Nebraska Revised Statutes* § 46-241(5) states in part, "The owner or possessor of a reservoir or intentional underground water storage facility does not have the right to store water in such reservoir or facility during the time that such water is required downstream in ditches for direct irrigation or for any reservoir or facility holding a senior right. Every person who owns, controls or operates a reservoir or intentional underground water storage facility, except political subdivisions of this state, shall be required to pass ... a portion of the measured inflows to furnish water for livestock ... ."
6. The owner or possessor of the reservoir storing water pursuant to A-19340 shall have structural controls in place or other mechanical means to immediately release a portion of the measured inflows in such amounts and at such times if so ordered by the Department.
7. A waiver of the requirement for outlet works, by petition DWV-5345, has been granted. This waiver does not relieve the owner from the responsibility to pass a portion of the reservoir inflow by some method for downstream appropriators should there be a need for water administration; or if water should be required for livestock needs, unless the appropriator is a political subdivision. The Department may rescind the waiver and require installation of appropriate outlet works at a later date if it is determined that the responsibility to pass inflows is not being met or cannot be met by another method.
8. The appropriator must comply with all relevant statutes. This includes, but is not limited to, the following:
  - A. Notify the Department of any change in ownership or address.
  - B. Receive approval prior to taking any action that changes the storage capacity of this reservoir, the specifications, plan number 19219, or the type of appropriation.
  - C. Construct, operate and maintain the structure in accordance with *Neb. Rev. Stat.* § 46-241 and the *Safety of Dams and Reservoirs Act*, §§ 46-1601 to 46-1670.
  - D. Assume liability for all damages due to leakage, overflow or structural failure of the structure.
  - E. Release a portion of the reservoir inflows for livestock where required, unless appropriator is a political subdivision.

ADDITIONAL INFORMATION

Failure to comply with all laws and regulations pertaining to surface water appropriations and any orders issued by the Director of the Department of Natural Resources may result in the cancellation of the appropriation, temporary closing of the appropriation, administrative penalty, criminal prosecution, or any combination thereof.
