

STATE OF NEBRASKA

DEPARTMENT OF NATURAL RESOURCES

APPROVAL OF APPLICATION A-19355,

PETITION FOR A WAIVER OF OUTLET WORKS DWV-5391

AND PLAN OF RESERVOIR 19256

WATER DIVISION 1-B

BACKGROUND

1. On December 10, 1934, The Department of Roads and Irrigation, now the Department of Natural Resources (Department), approved plan P-ERA1 for Kugler Dam 1171, to be constructed across a tributary to the Republican River in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 32, Township 3 North, Range 31 West of the 6th P.M. in Hitchcock County. No application for a permit to impound water was sought at that time.
2. On July 14, 2004, the Department of Natural Resources issued an Order declaring a formal moratorium in the Republican River Basin on the issuance of all new surface water appropriations.
3. On May 30, 2013, Roland Miller, on behalf of Jeannette Miller, John Miller, Karen Miller, and himself, filed petition VAR-4724 in the Department for Leave to File or Consider an Application for a New Surface Water Appropriation within a Moratorium Area. The draft application and documentation attached to the petition is for a permit to impound approximately 72 acre-feet of water from a tributary to the Republican River in the existing Kugler Dam 1171 located in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 32, Township 3 North, Range 31 West of the 6th P.M. in Hitchcock County for the purpose of water for livestock.
4. On April 7, 2015, the Department granted petition VAR-4724 for leave to file an application for a permit to impound water.
5. On April 20, 2015, John Miller, on behalf of Roland Miller, Jeannette Miller, Karen Miller, and himself, filed in the Department application A-19355 for a permit to impound water, petition DWV-5391 for a waiver of the requirement of outlet works and plan of reservoir number 19256 and specifications according to *Title 457 Neb. Admin. Code Chapter 11*.
6. Construction has been completed.

ORDER

IT IS HEREBY ORDERED that application A-19355, Petition DWV-5391 and plan of reservoir 19256 are APPROVED subject to the following limitations and conditions:

1. The source of water is a tributary to the Republican River.
2. The priority date is April 20, 2015.
3. The water to be stored under this appropriation is for the purpose of providing water for livestock.
4. The amount of water that may be diverted shall not exceed 71.8 acre-feet per year to be stored in Kugler Reservoir 1171. Kugler Dam 1171 is located SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 32, Township 3 North, Range 31 West of the 6th P.M. in Hitchcock County.
5. *Neb. Rev. Stat. § 46-241(5)* states in part, "The owner or possessor of a reservoir or intentional underground water storage facility does not have the right to store water in such reservoir or facility during the time that such water is required downstream in ditches for direct irrigation or for any reservoir or facility holding a senior right. Every person who owns, controls, or operates a reservoir or intentional underground water storage facility, except political subdivisions of this state, shall be required to pass ... a portion of the measured inflows to furnish water for livestock"
6. The owner or possessor of the reservoir storing water pursuant to A-19355 shall have structural controls in place or other mechanical means to immediately release a portion of the measured inflows in such amounts and at such times if so ordered by the Department.
7. A waiver of the requirement of outlet works, by petition DWV-5391, has been granted. This waiver does not relieve the owner from the responsibility to pass a portion of the reservoir inflow by some method for downstream appropriators should there be a need for water administration; or if water should be required for livestock needs, unless the appropriator is a political subdivision. The Department may rescind the waiver and require installation of appropriate outlet works at a later date if it is determined that the responsibility to pass inflows is not being met or cannot be met by another method.
8. The appropriator must comply with all relevant statutes. This includes, but is not limited to, the following:
 - A. Notify the Department of any change in ownership or address.
 - B. Receive approval prior to taking any action that changes the storage capacity of this reservoir, plan of reservoir 19256 or the type of appropriation.
 - C. Assume liability for all damages due to leakage, overflow or structural failure of the structure.

- D. Release a portion of the reservoir inflows for livestock where required, unless appropriator is a political subdivision.

ADDITIONAL INFORMATION

Failure to comply with all laws and regulations pertaining to surface water appropriations and any orders issued by the Director of the Department of Natural Resources may result in the cancellation of the appropriation, temporary closing of the appropriation, administrative penalty, criminal prosecution, or any combination thereof.

DEPARTMENT OF NATURAL RESOURCES

June 18, 2015

James C. Schneider, Ph.D.
Acting Director

The applicant and any person with sufficient legal interest who has been or may be substantially affected by this approval may request a contested case hearing in accordance with the *Neb. Admin. Procedures Act* §§ 84-901 et. seq. RRS and the Department's *Rules of Practice and Procedure Title 454 Admin. Code Chapter 7*. The request must be received by the Department at its Lincoln office (Nebraska State Office Building, 4th Floor, 301 Centennial Mall South, P.O. Box 94676, Lincoln, Nebraska 68509-4676) within 30 days of the date of the Approval and be accompanied by a filing fee of \$10.

A copy of this approval was posted on the Department's website. Copies of this approval and plan of reservoir 19256 were provided to the Department's field office in Cambridge, Nebraska. Copies of this approval and plan of reservoir 19256 were mailed on June 18, 2015, to the following:

Roland and Jeannette Miller
