ORDER OF CANCELLATION IN FULL OF WATER APPROPRIATION A-18907 AND MAP 18175

WATER DIVISION 2-B

BACKGROUND

1. Map 18175 and surface water appropriation A-18907, were approved by the Department of Natural Resources (Department) on July 27, 2012.
2. Appropriation A-18907 has a priority date of April 5, 2012, and authorizes the Wedgewood Manor Lake Association to store 60 acre-feet of supplemental water from Dead Man's Run in Wedgewood Lake. Wedgewood Lake Dam is located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ extending into the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 27, Township 10 North, Range 7 East of the 6th P.M. in Lancaster County.
3. The approval was conditional upon (1) construction of the rehabilitation of the inundation area beginning within one year of the signing date of the application approval, July 27, 2013, and (2) completion of the rehabilitation of the inundation area by October 1, 2014.
4. On July 18, 2013, Bruce Hocking, President, Wedgewood Manor Lake Association, filed petition EOT-4771 in the Department requesting an extension of the date by which construction should begin for rehabilitation of the inundation area, under appropriation A-18907. Construction had not begun due to ongoing work in obtaining access, egress route, and spoil location agreements. The petition requested the date of construction commencement be extended to March 31, 2014.
5. On October 22, 2013, the Department granted EOT-4771 extending the date to March 31, 2014, by which construction must begin for rehabilitation of the inundation area of Wedgewood Lake.
6. On May 12, 2014, the Department received correspondence from Thomas Riley, P.E., with the Flatwater Group Inc., regarding A-18907. Mr. Riley stated that construction had not begun due to logistics with egress routes for hauling away sediment.
7. *Nebraska Revised Statutes* § 46-238 provides for the cancellation of an appropriation when the appropriator is not in compliance with the construction begin date.
