DEPARTMENT OF
NATURAL RESOURCES

Dear Brian,

At our January 13, 2014 Board Meeting the Lower Platte North NRD officially lifted our temporary stay on drilling of new wells and a stay on any increase in irrigated acres within Lower Platte North NRD. A public hearing preceded the Board decision where testimony was received.

At this same Board Meeting our Rules and Regulations were amended. The changes to our Rules and Regulations created two "Special Quantity Subareas" (SQA). A copy of these revised Rules and Regulations and maps of the two SQAs were posted on our web-site www.lpnrd.org earlier today.

With this information we would not object and believe it is only fair that DNR lift the stay on Surface Water Permits within the Lower Platte North NRD.

If you or your staff would like further information please feel free to contact me or Larry Angle our Water Resources Manager.

Sincerely,

John R. Miyoshi
General Manager
