

Fully Appropriated Surface Water in Nebraska

Determination made by the Department of Natural Resources on April 21, 2006

This map represents the areas described in the Order issued by the Department of Natural Resources on April 21, 2006 stating that the surface water resources within the portions of the Platte River Basin upstream of the Loup River confluence that are within the Tri-Basin NRD (downstream of the overappropriated area), the Little Blue NRD and the Upper Big Blue NRD are fully appropriated.
