

Geographic Area Determined to Have Surface Water Hydrologically Connected to Ground Water for the Purpose of Fully Appropriated Designation

Determination made by the Department of Natural Resources on July 16, 2004

Legend

- Hydrologically Connected Surface and Ground Water
- Natural Resources District (NRD) Boundaries
- County Boundaries
- Township Boundaries

This map represents the geographic area within which it has been determined that surface water is hydrologically connected to ground water for the purpose of designating the surface water resources within the Upper Republican NRD, Middle Republican NRD, Lower Republican NRD and North Platte NRD outside of the Pumpkin Creek Groundwater Management Sub-Area as fully appropriated. Additional information regarding the designation can be found in the Notices published by the Department of Natural Resources on July 16, 2004.
