IN REPLY TO:

TA-39
I-16

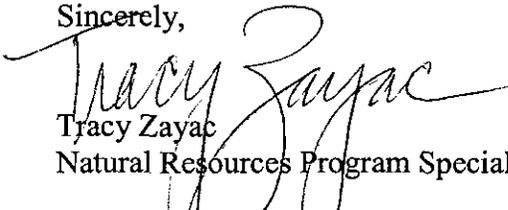

David Wieser
7770 Road 8
Potter, Nebraska 69156-6612

Dear Mr. Wieser:

The Department has received the additional information filed in support of applications TA-39 and I-16, including the aerial photograph depicting the acres to be retired as an offset for the withdrawals requested under these applications. The Department considers that the offset acres must be taken from under the center pivot currently supplied by irrigation well A-007534. The Department will ask the South Platte NRD Board to confirm the required location of the acres, and the NRD will conduct the actual monitoring and regulation of the offset.

If you have any questions, please call me at (402) 471-0584.

Sincerely,

Tracy Zayac
Natural Resources Program Specialist
