

Nebraska Dept. Of Natural Resources
P.O. Box 94676
Lincoln, Nebr. 68509-4676

RECEIVED

OCT 18 2010

DEPARTMENT OF
NATURAL RESOURCES

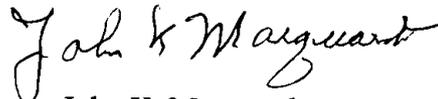

ATTN: Tracy Zayac

The water will be transported by truck to the drill sites nearby in the counties of Kimball and Banner, in Nebraska, and Laramie County in Wyoming.

Records will be kept on the destination of all the truckloads and the gallons being transported.

Since a portion of the acreage on this location - 72.87 acres - will not be irrigated, the effect on groundwater in the area will be minimal.

Respectfully,

John K. Marquardt
