ORDER

IT IS HEREBY ORDERED that application A-19312 is APPROVED subject to the following limitations and conditions:

2. The water shall be used for the purpose of irrigation.
3. The priority date is November 24, 2014.
4. Only the land shown on map number 19151 may be irrigated under appropriation A-19312.
5. Water diverted under appropriation A-19312 shall not exceed the ratio of one cubic foot per second (cfs) for every 462 acres irrigated. Total annual volume of water diverted under all appropriations may not exceed 3 acre-feet per acre irrigated and the least amount that can be beneficially used.

  - A. Notify the Department of any change in ownership or address.
  - B. Notify the Department of the name and address of the person responsible for the use of the water appropriation (this may include farm managers, tenants, or relatives that actually apply the water to the approved use).
  - C. Obtain approval from the Department prior to taking any action that changes the location of the point of diversion, the location of the place of use, the type of use, or the type of appropriation.

7. The appropriator must comply with the following deadlines:

ADDITIONAL INFORMATION

Failure to comply with all laws and regulations pertaining to surface water appropriations, any orders issued by the Director of the Department of Natural Resources, or the provisions of this Approval may result in the cancellation of the appropriation, temporary closing of the appropriation, administrative penalty, criminal prosecution, or any combination thereof.

Nebraska law provides that failure to use a portion or all of a perfected appropriation for more than five consecutive years may result in cancellation of the appropriation.

This appropriation is not a guarantee that water will be available. Nebraska law gives priority to senior appropriations. This appropriation may be closed if there is insufficient water to satisfy senior appropriations. If in the future you are not able to divert sufficient amounts of water, and if there are junior appropriations upstream, you may call for water by contacting your local field office.
