5. *Nebraska Revised Statutes* § 46-241(5) states in part, "The owner or possessor of a reservoir or intentional underground water storage facility does not have the right to store water in such reservoir or facility during the time that such water is required downstream in ditches for direct irrigation or for any reservoir or facility holding

- a senior right. Every person who owns, controls or operates a reservoir or intentional underground water storage facility, except political subdivisions of this state, shall be required to pass ... a portion of the measured inflows to furnish water for livestock ... ."
6. The owner or possessor of the reservoir storing water pursuant to A-19339 shall have structural controls in place or other mechanical means to immediately release a portion of the measured inflows in such amounts and at such times if so ordered by the Department.
  7. A continuous recording device approved by the Department to monitor reservoir levels may be required if so ordered by the Department.
  8. The appropriator must comply with all relevant statutes. This includes, but is not limited to, the following:
    - A. Notify the Department of any change in ownership or address.
    - B. Receive approval prior to taking any action that changes the storage capacity of this reservoir, the specifications, plan number 19192, or the type of appropriation.
    - C. Construct, operate and maintain the structure in accordance with *Neb. Rev. Stat. § 46-241* and the *Safety of Dams and Reservoirs Act, §§ 46-1601 to 46-1670*.
    - D. Assume liability for all damages due to leakage, overflow or structural failure of the structure.
    - E. Release a portion of the reservoir inflows for livestock where required, unless appropriator is a political subdivision.
  9. The appropriator must comply with the following deadlines:
    - A. The owner of the dam shall provide written notice to the Department at least ten days before construction, reconstruction, enlargement, alteration, breach, removal, or abandonment of the dam is to begin. Notices must be in writing and addressed to the Chief Engineer or the Construction Inspector of the Department's Dam Safety Section. Notices may be delivered to the Department by mail, facsimile or electronic mail.
    - B. Construction of the structure must begin within twelve months of the signing date of this application approval. The appropriator must proceed diligently with the construction unless interrupted by some unavoidable and natural cause.
    - C. November 1, 2017 is the date construction of the structure must be completed.
    - D. Upon completion of the structure, the appropriator shall file with the Department the enclosed "Construction Certification Form for Dams." Following receipt of this form, an approval to operate shall be issued by the Department if it determines that the dam is safe to impound within the limitations outlined in this approval. No impoundment in the structure shall occur prior to issuance of the approval to operate.

- E. The applicant has a preferred right to file an application for a permit to appropriate the water stored for some useful purpose until April 1, 2018.

ADDITIONAL INFORMATION

Failure to comply with all laws and regulations pertaining to surface water appropriations and any orders issued by the Director of the Department of Natural Resources may result in the cancellation of the appropriation, temporary closing of the appropriation, administrative penalty, criminal prosecution, or any combination thereof.
