

STATE OF NEBRASKA

DEPARTMENT OF NATURAL RESOURCES

APPROVAL OF APPLICATION A-19353

PETITION FOR A WAIVER OF DRAWDOWN DWV-5398

AND PLAN NUMBER 19248

WATER DIVISION 1-B

BACKGROUND

1. On July 14, 2004, the Department of Natural Resources (Department) issued an Order declaring a formal moratorium in the Republican River Basin on the issuance of all new surface water appropriations.
2. On May 6, 2013, Quentin D. Hedke, on behalf of Hedke Boys, LLC, filed petition VAR-4676 in the Department for Leave to File or Consider an Application for a New Surface Water Appropriation within a Moratorium Area. The draft application attached to the petition is for a permit to impound 40 acre-feet of water from a Elm Creek in the existing Hedke Dam located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 33, Township 3 North, Range 33 West of the 6th P.M. in Hitchcock County for the purpose of providing water for livestock.
3. On April 7, 2015, the Department granted petition VAR-4676 for leave to file an application for a permit to appropriate water.
4. On April 15, 2015, Quentin D. Hedke, on behalf of Hedke Boys, LLC, filed in the Department application A-19353 for a permit to impound water, application for approval of plans for dams, plan number 19248 and petition for a waiver of drawdown requirement DWV-5384, pursuant to the proposed application filed with VAR-4676.
5. Construction has been completed.

ORDER

IT IS HEREBY ORDERED Application A-19353, plan number 19248, and DWV-5384 are APPROVED subject to the following limitations and conditions:

1. The source of water is Elm Creek.
2. The priority date is April 15, 2015.

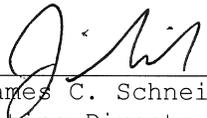

3. The amount of water that may be diverted shall not exceed 20 acre-feet per year to be stored in Hedke Reservoir. The dam that impounds water in Hedke Dam is located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 33, Township 3 North, Range 33 West of the 6th P.M. in Hitchcock County.
4. The water stored under this appropriation is for the purpose of providing water for livestock.
5. *Nebraska Revised Statutes* § 46-241(5) states in part, "The owner or possessor of a reservoir or intentional underground water storage facility does not have the right to store water in such reservoir or facility during the time that such water is required in ditches for direct irrigation or for any reservoir or facility holding a senior right. Every person who owns, controls, or operates a reservoir or intentional underground water storage facility, except political subdivisions of this state, shall be required to pass ... a portion of the measured inflows to furnish water for livestock"
6. The owner or possessor of the reservoir storing water pursuant to A-19353 shall have structural controls in place or other mechanical means to immediately release a portion of the measured inflows in such amounts and at such times if so ordered by the Department.
7. A waiver of the requirement for a drawdown, DWV-5384, has been granted. This waiver does not relieve the owner from the responsibility to pass a portion of the reservoir inflow by some method for downstream appropriators should there be a need for water administration; or if water should be required for livestock needs, unless the appropriator is a political subdivision. The Department may rescind the waiver and require installation of appropriate outlet works at a later date if it is determined that the responsibility to pass inflows is not being met or cannot be met by another method.
8. The appropriator must comply with all relevant statutes. This includes, but is not limited to, the following:
 - A. Notify the Department of any change in ownership or address.
 - B. Receive approval prior to taking any action that changes the storage capacity of this reservoir, plan 19248, or the type of appropriation.
 - C. Assume liability for all damages due to leakage, overflow or structural failure of the structure.
 - D. Release a portion of the reservoir inflows for livestock where required, unless appropriator is a political subdivision.

ADDITIONAL INFORMATION

Failure to comply with all laws and regulations pertaining to surface water appropriations and any orders issued by the Director of the Department of Natural Resources may result in the cancellation of the appropriation, temporary closing of the appropriation, administrative penalty, criminal prosecution, or any combination thereof.
