

Review of Criteria Ranking from Last Meeting

Criteria and Project Ranking

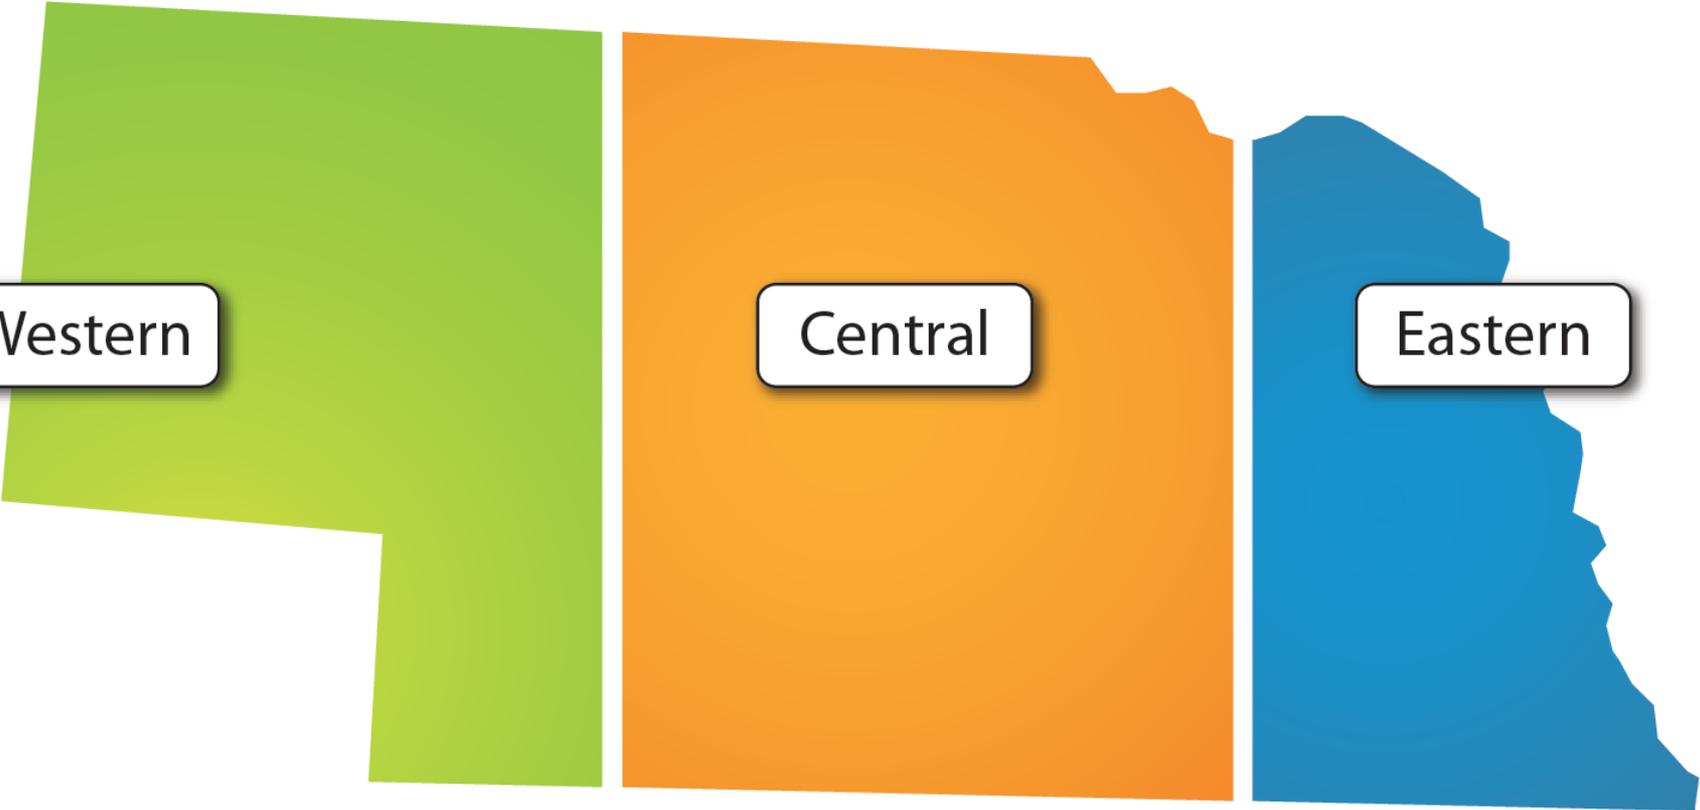

*The Task Force ranked the goals/criteria in the legislation with the following results.
(Updated from MindMixer)*

- **The extent to which the PPA contributes to multiple water supply management goals, including, but not limited to flood control; municipal uses, agricultural uses; recreational benefits; wildlife habitat; conservation of water resources, and preservation of water resources for future generations.**
- **The extent to which the PPA provides increased water productivity and otherwise maximizes the beneficial use of Nebraska's water resources.**
- **The cost effectiveness of the PPA in meeting the state's water management goals .**
- The extent to which the PPA contributes to the state's ability to leverage state dollars with local or federal government partners or other partners to maximize the use of resources.
- The extent to which the PPA assists the state in meeting its obligations under interstate compacts or decrees or other formal contracts or agreements.
- The extent to which the PPA has been approved for, but has not received, funding through a state program.
- The extent to which the PPA promotes objectives described in the Annual Report and Plan of Work for the Nebraska State Water Planning and Review Process issued by DNR.

The Need for Geographic Differences in Criteria Selection and Ranking
