DEPARTMENT OF NATURAL RESOURCES

APPROVAL OF PLAN NUMBER P-21201

BACKGROUND

1. On May 8, 2023, Philip Neuerburg filed in the Department of Natural Resources (Department) an Application for Approval of Plans for Dams and plan P-21201.
2. The plan, P-21201, is for the modification of Glaeseman Detention Dam, which is subject to the *Safety of Dams and Reservoirs Act*. The dam is located in the Southwest 1/4 of Section 1, Township 2 North, Range 2 East of the 6th P.M. in Jefferson County.
3. Justin D. Sprague, P.E., ProAg Engineering Inc., 302 Broadway Street, Audubon, Iowa 50025 prepared the plan.
4. Philip and Julie Neuerburg, 56921 713 Road, Fairbury, Nebraska 68352, own the dam.
5. The plans were examined by a registered professional engineer of the Department and it was found that upon completion of the project, Glaeseman Detention Dam will be less than 25 feet in height and have a maximum storage capacity less than 50 acre-feet. Therefore, Glaeseman Detention Dam will no longer be considered a dam as defined by Neb. Rev. Stat. 46-1611.
6. The Department consulted with the Nebraska Game and Parks Commission as required by the Nebraska Nongame and Endangered Species Act. As a result of this consultation, the Nebraska Game and Parks Commission determined the project will have "No Effect" on any state-listed threatened or endangered species or their critical habitat.
