The Department must determine that the changes fall within the original project concept and do not adversely impact other appropriators. Approval may be granted by subsequent Order.

6. Measuring Device Requirement

A measuring device, approved by the Department and at the Appropriator's expense, **may be required** if Ordered by the Department.

7. Ongoing Compliance Requirements

The appropriator must:

8. Construction and Use Deadlines

- A. The appropriator must proceed diligently with construction, barring unavoidable natural delay.
- B. Water must be beneficially applied for the purpose stated in this Order by **September 1, 2028**, to perfect the appropriation.

9. Field Investigation

- A. After **September 1, 2028**, a field investigation will be conducted to determine the acres irrigated, after which an Order of cancellation will be issued for any unused portions of appropriation A-20107.
- A. If a portion of the appropriation is found to have had water beneficially applied within the scope of the original project concept, the Department may, at its discretion, modify the project map and land listing to reflect the conditions observed during the field investigation. However, the number of acres and the diversion rate determined by the Department will not exceed the limits granted by this Order. If no portion of the appropriation is found to have had water beneficially applied, the Department will issue an Order of Cancellation in Full for this appropriation.

ADDITIONAL INFORMATION

Failure to comply with applicable laws, Department Orders, or the terms of this Order may result in cancellation, suspension, administrative penalties, and/or criminal prosecution.

Under Nebraska law, **nonuse** of a perfected appropriation for **more than five consecutive years** may result in its cancellation.

This appropriation **does not guarantee** water availability. Senior appropriations have legal priority. If insufficient water is available, junior appropriators may be closed. Appropriators may request enforcement action by contacting the local field office.
