

## Course Topics to Include:

This course is designed to provide an organized training opportunity for local officials responsible for administering their local floodplain management ordinance. The course will focus on the NFIP and concepts of a floodplain management, maps and studies, ordinance administration, and the relationship between floodplain management and flood insurance.

### January 7-10th, 2019: L0273: Managing Floodplain Development Through the National Flood Insurance Program (NFIP)

A **FREE** Floodplain management course presented by the  
Nebraska Department of Natural Resources,  
FEMA Region VII, and NeFSMA.

This course is tailored to Floodplain Managers,  
Community Planners, and Elected Officials, and  
specifically for those officials with less than 3 years of  
floodplain management experience.

A Certified Floodplain Manager (CFM) test will be offered January 11th  
for interested participants. Information about this test may be found at  
[www.floods.org](http://www.floods.org)
