DEPARTMENT OF NATURAL RESOURCES

ORDER GRANTING EXTENSION OF TIME BY PETITION EOT-9080
TO COMPLETE CONSTRUCTION FOR WATER APPROPRIATION A-19585

WATER DIVISION 2-F

BACKGROUND

1. Records on file in the Department of Natural Resources (Department) show that surface water appropriation A-19585 is held by the Papio-Missouri River Natural Resources District.
2. Appropriation A-19585 has a priority date of March 2, 2018, and authorizes the appropriator to store 237.8 acre-feet of water in Regional Detention Basin WP-6 Reservoir. The water may be diverted from Schram Creek in the SW $\frac{1}{4}$ of Section 20, Township 14 North, Range 12 East of the 6th P.M. in Sarpy County.
3. The approval of appropriation A-19585 was conditional upon completion of the structure by November 1, 2020.
4. On September 14, 2020, Michael Sotak, P.E., FYRA Engineering, on behalf of the Papio-Missouri River Natural Resources District, filed in the Department petition EOT-9080 requesting an extension of time to December 31, 2020, in which to complete construction because wet weather in 2019 caused construction delays. This petition was filed in a timely manner prior to the November 1, 2020, deadline.
5. Therefore, petition EOT-9080 should be granted.

ORDER

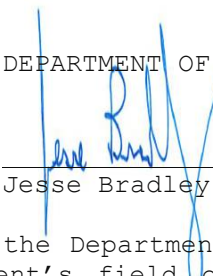

IT IS HEREBY ORDERED:

1. Petition EOT-9080 requesting an extension of time to complete construction is hereby GRANTED.
2. The deadline to complete construction of Regional Detention Basin WP-6 Reservoir authorized under appropriation A-19585 is extended to December 31, 2020.

3. All terms and conditions of appropriation A-19585 remain in effect unless specifically changed by this Order.
