APPROVAL OF AMENDED MAP NUMBER MAP NUMBER 20322
FOR APPROPRIATION A-19620
WATER DIVISION 2-A

BACKGROUND

1. Appropriation A-19620 with a priority date of November 8, 2018, authorizes the use of water for irrigation of 125.8 acres of land. The water may be diverted from Davis Creek Reservoir (storage appropriation A-9518R and supplemental storage appropriations A-15090 and A-15091) from a point of diversion located at the headgate of the Fullerton Canal in the NW¹/₄SW¹/₄ of Section 30, Township 17 North, Range 12 West of the 6th P.M. in Greeley County.
2. The approval Order for application A-19620, dated February 14, 2019, stated that if, during the course of construction of the irrigation project, it is determined there is a difference in the number and/or location of acres from approved project map number 20322, an amended project map may be filed for an equal or lesser number of acres prior to the beneficial use investigation deadline of September 1, 2021.
3. On March 29, 2021, Bernie Glos, on behalf of Twin Loups Reclamation District, filed amended map number 20322 in the Department depicting land to be irrigated under appropriation A-19620 prior to the September 1, 2021 deadline.
4. Amended project map 20322 is within the original project concept, does not change the number of acres to be irrigated and the point of diversion remains the same.
