APPROVAL OF AMENDED MAP NUMBER MAP NUMBER 20324
FOR APPROPRIATION A-19621
WATER DIVISION 2-A

BACKGROUND

1. Appropriation A-19621 with a priority date of November 8, 2018, authorizes the use of water for irrigation of 431.2 acres of land. The water may be diverted from Calamus Reservoir (storage appropriation A-9517) from a point of diversion located at the headgate of the Mirdan Canal in the NW¹/₄NW¹/₄ of Section 06, Township 21 North, Range 16 West of the 6th P.M. in Garfield County.
2. The approval Order for application A-19621, dated February 14, 2019, stated that if, during the course of construction of the irrigation project, it is determined there is a difference in the number and/or location of acres from approved project map number 20324, an amended project map may be filed for an equal or lesser number of acres prior to the beneficial use investigation deadline of September 1, 2021.
3. On March 29, 2021, Bernie Glos, on behalf of Twin Loups Reclamation District, filed amended map number 20324 in the Department depicting land to be irrigated under appropriation A-19621 prior to the September 1, 2021 deadline.
4. Amended project map 20324 is within the original project concept, does not change the number of acres to be irrigated and the point of diversion remains the same.
